Jillibean Soup Products

Soup Staples II Pattern Paper (Gray Salt, Navy Salt, Turquoise Salt, Green Salt, Navy Salt, Pink Salt)
Small Kraft Tags (3)
Alphabeans (Newberg Navy, Yam Yellow)
Soup Labels (Homemade 6 Bean)
Bakers Twine (Navy/Red, Olive/Mustard)
Epoxy Buttons (Game Day Chili, Chicken Dumpling Soup)
Cool Beans Buttons (Orchard, Vintage)

Supplies Needed

Scissors
Adhesive and Foam Adhesive Squares
White Gel Pen
Natural Twine
Stapler
Corner Rounder, Heart Punch
White Cardstock (12x12)
Brown Pen

To Make Layout:

Step One

Cut a piece of Grey Salt pattern paper to 8½" x 11" for the base. Cut a piece of white cardstock 8" x 10½" and adhere over Grey pattern paper base. Save the scrap white cardstock for your frames.

Step Two

Cut a 7½" x 10¼" piece of Navy Salt pattern paper, round all corners and adhere to the center of the layout with foam adhesive squares.

Step Three

Cut a 7½" x 2" strip of Green Salt pattern paper, a 7½" x 6" strip of Turquoise Salt pattern paper and a 7½" x 1" strip of Yellow Salt pattern paper. Adhere to the Navy pattern paper layer as shown.

Step Four

Using the template, cut out two polaroid frames. Adhere photos behind the openings in the frames and trim away excess photo. Place title on the bottom of one of the frames with Alphabeans. Adhere frames to the front of the layout with foam adhesive squares, as shown.

Step Five

Tie twine in the holes of the three small kraft tags. Adhere the tags to the layout as shown. Trim off any tags that hang over the edges of the layout. With a white gel pen, add journaling and faux stitching to the tags.

Step Six

Thread the buttons with Bakers Twine and adhere to the front of the layout with foam adhesive squares, as shown.

Step Seven

Add two Soup Labels stickers to the layout, as shown - one on the 2nd polaroid frame and the other on the bottom, left kraft tag.

Step Eight

Punch a few hearts from the Pink Salt pattern paper. Add a few accents with a stapler as shown and then adhere the hearts to the layout as shown.
