Winter Tortellini Spinach Soup  
Paper (Fresh Basil, Cheese  
Tortellini, Garlic Flakes and  
Stewed Tomatoes)  
Twine

### Supplies Needed

12" Paper Trimmer or  
Ruler and Craft Knife  
Brads  
1/16th Hole Punch or  
Paper Piercer

### To Make the Card

#### Step One

Cut 12 strips of pattern paper that are 4.5" by .5". I chose to cut 6 of one pattern and 6 of an alternating pattern.

#### Step Two

Punch or pierce holes in the top and bottom of each strip of paper being careful to make the holes in the same spot for each strip.

#### Step Three

Stick brad through top holes of the 12 strips. Before completely flattening the brad loop a piece of twine around it a couple times.

#### Step Four

Fan out your strips of paper and insert the bottom brad through one strip at a time starting with the top strip then moving through the next in sequence.

#### Step Five

Once finished flatten the brad prongs to finish off the bottom and adjust the position of each strip of paper until you are satisfied with shape.
