To Make Advent Pockets

Step One

Cut the flap off of a Kraft Envelopes and cut the envelope in half. Adhere the open side closed to create a pocket. Repeat with 11 more envelopes (12 total) to create 24 pockets.

Step Two

Cut the Soup Staple papers 4"x3" and adhere to the front of each pocket, centering on all sides.

Step Three

Using the rest of your supplies, decorate the front of each pocket.

Step Four

Adhere the Alphabeans numbers to the front of each pocket to correspond to the different days in the month of December. Hint: Use the 'L's' for '1's'.

Step Five

Fill each pocket with a little treat or gift. Hang the finished pockets on the red twine with mini clothespins.
