Supplies Needed

Scissors
Adhesive
Foam Squares
Hole Punch

To Make the Card:

Step One

Cut out cones from patterned paper using the template provided.

Step Two

Adhere the cone tab to the inside of the paper forming a cone.

Step Three

Punch small holes in the sides of the cone - large enough to allow ribbon through but small enough that the ribbon knot won't pull through.

Step Four

Punch or cut circles/starbursts from patterned paper. Layer using foam squares. Adhere button to the front of the embellishment and adhere to cone.

Step Five

Add sentiment using Soup Labels or stamped cardstock.

Step Six

Fill with your favorite treats!
